OMV Petrol Ofisi A.Ş., appreciate the work done on several completed projects by Standart Pompa ve Makina San. Tic. A.Ş. We are using their heavy duty pumps for transferring petroleum products (Gasoline, Diesel Oil, Jet A1, Fuel Oil, etc.) in our loading plants. The supplied pumps are working quite well since they are commissioned.

Best Regards  
OMV Petrol Ofisi A.Ş.

  
İzzet Salıngan  
Mechanical Engineer
